# Dimedis Associated Laboratories

## The Elite Home Dishwasher Salt

- It is in 3 kg craft package.
- It is used for regeneration of ion exchangers in dishwashers.
- Increases the performance of The Elite Home Dishwasher Gel.
- It is pure salt without chemical treatment and additives.

Ingredients: Sodium Chloride

# Dimedis Associated Laboratories

## The Elite Home Natural Machine Cleaner for Washing Machine & Dishwasher

- This is the only product for cleaning both your washing machine and your dishwasher.
- Since ecological detergents do not contain phosphate and petrochemical raw materials, dishwasher and washing machines must be cleaned every 1-2 months, but with our product this is not difficult at all.
- In the washing machine: Pour 100 grams of powder directly into the machine drum, run it empty at 60 °C.
- In the dishwasher: Put 100 g of powder in the tablet compartment and sprinkle the rest into it. Operate at 70 °C.
- Regular use of the cleaner prevents the dishwasher and washing machine from malfunctioning and increases their durability. Lime deposits and grease residues are powerfully removed.
- Its content is 100% of natural origin.

Ingredients: Citric acid, Trisodium Citrate, Lauryl Glucoside

# Dimedis Associated Laboratories

## The Elite Home Natural Stain Remover

- It is used to remove all tough stains such as fruit, ink, blood, grass, wine, chocolate, and also to bleach yellowed or greyed laundry.
- It is activated with hot water and reaches optimum performance from 50 ° C.
- It does not pollute the grey-water system, which is domestic waste water, is non-toxic, biodegradable in nature, does not produce toxic gas.

Ingredients: Sodium percarbonate > 30%, sodium carbonate 15-30%, <5% Lauryl Glucoside (sugar tenside).

**100% of the total component is of natural origin.**

# Dimedis Associated Laboratories
